PROFESSIONAL SUMMARY

Detail-oriented Commerce graduate (Business Mathematics & Data Analytics) working as a Banking Associate at Accenture, processing escrow insurance invoices and payment disbursements for JPMorgan Chase. Skilled in Advanced Excel, Power BI, MySQL, Python and Tally Prime, with hands-on experience in investor-compliance validation, payment documentation control and multi-tracker reporting. Seeking to apply strong analytical skills and process discipline in data analytics, finance or business operations roles.

PROFESSIONAL EXPERIENCE

Banking Associate | Accenture, Escrow Insurance Processing (JPMorgan Chase) 2025 – Present

- Process insurance invoices for escrow loan accounts, validating claims and disbursing payments directly to servicing agents and vendors.
- For investor-coded loans, obtain written email confirmation from stakeholders before processing payment, ensuring adherence to investor-specific approval protocols.
- Initiate G5 payment-proof (amount disbursed, payee details) and G2 final cheque documentation from Strategy, prepare the Transaction Request Form and digitally sign documents, maintaining strict no-reprint controls on issued cheques.
- Save invoices, G2/G5, Transaction Forms and FedEx slips to the shared drive as documentation backup, and send the daily disbursement report to JPMorgan Chase.
- Coordinate FedEx dispatch of finalized payment documents for timely, accurate delivery to clients and agents.
- Update processed transactions in the Strategy tool and maintain Excel trackers (Disbursement, Discarded duplicate/resubmitted payments, Clarifire, POP investor approvals) using macros to streamline validation and reduce manual errors.

CORE SKILLS

- **Banking & Insurance Operations:** Escrow Loan Processing, Invoice Validation, Payment Disbursement, Investor Compliance
- **Data & Analytics:** Power BI, Advanced Excel (PivotTables, Dashboards, Macros), MySQL, Python (Pandas, NumPy)
